

**METHODS OF DETECTING SOFT TISSUE SARCOMA, COMPOSITIONS  
AND METHODS OF SCREENING FOR SOFT TISSUE SARCOMA  
MODULATORS**

5

**ABSTRACT OF THE DISCLOSURE**

Described herein are methods and compositions that can be used for diagnosis  
and treatment of soft tissue sarcoma cancer phenotypes and soft tissue sarcoma  
10 cancer-associated diseases. Also described herein are methods that can be used to  
identify modulators of soft tissue sarcoma cancer.
